*New Moon Cave Concert
Hawk Hill Tunnel*

Tesla Duo

Mark Deutsch

&

Alan Tower

with special guest

Stephen Kent

& spoken word artist

Drew Dellinger

**Directions To Hawk Hill, Marin Headlands,
immediately north of the Golden Gate:**

From 101 going north: Cross over the Golden Gate Bridge, and take the second exit, Alexander Ave. Stay in the left lane and you will come quickly to a stop sign. Turn left, cross under the highway and staying in the right lane start the long climb up Conzelman Road to the top of Hawk Hill. Continue up the hill to the gate where a GMN staff person will check you in.

From 101 going south: Take the last exit before the bridge, after the tunnel, labeled Sausalito, turn left onto Conzelman Road. See above for more details.

Seating- bring a low beach chair, pillow, or back jack type floor chair. Normal height chairs will put you farthest away from the stage.

Dress warmly in layers- as the tunnel can be either toasty or on the cool side as we will be perched above the Pacific Ocean on a November night. Rain or Shine.

Appropriate for ages 10 and up.

Ticket info and more details at: GreenMusicNetwork.org

Advance Ticket Sales Only, none sold at the door
