**Music of the World on KPFA
NEEDS YOUR HELP!**

This remarkably diverse exploration of music around the globe is being cut back to 1 hour each day to add an hour about what is going on in Washington government. With the Tuesday edition of MOTW completely scratched and given current KPFA politics at work this development portends the end of the program overall This program via the Stephen Kent edition on Thursdays 10-12am has been a great friend to us over the years bringing in many of the best bay area world musicians for live performances and interviews focused on GMN Cave Concerts and our other activities. Please let your voice be heard by contacting KPFA at: click <http://www.kpfa.org/contact/> A groundswell of sentiment to reinstate this time slot can have a effect on the longevity of this decision.
