

## Compensation for Talent & Services provided . . . . .

### **The "Feel Real" formula**

*Feel Real*, located at 4001 Judah at 45th Ave, creates original organic vegan cuisine in a beautiful flourishing plant environment and is a sponsor of the Green Music Network. Patrons are provided a dollar range for each dish, and pay on a sliding scale based on their enjoyment of the food and support for the creativity. The Feel Real crew believes it provides the potential for a shift in consciousness. We have adopted this approach for ourselves. In compensation for work to benefit the organization, advisory board members invoice the Green Music Network anywhere between half their billable hours to full donation for service. We bow to any choice you make and thank you for your support.

Note: We also encourage outside vendors to join this program and can provide more information. e.g. Rob Garner of Earth, Arts and People, our GMN organizational consultant and grant writer, proposed his compensation in this way even before we came across the Feel Real Formula.
